AME® (Active Mineral Extract): The Annual AME® Program is a series of patent-pending liquid applications to improve aggregate structure and support a diverse population of soil microorganisms. AME® contains soil conditioners, beneficial microorganisms and nutrients. Approved for organic crop production. Registered CDFA-OIM. Complies with 7CFR (Code of Federal Regulations) Part 205 USDA National Organic Program (NOP).

HS Partner: Subscribes to Annual AME® Program on at least 50% of cultivated acres.

HS Premium: Subscribes to Annual AME® Program on at least 90% of cultivated acres.

The following benefits are included in the per acre cost of the HealthySoil Annual AME® Program:

1 Delivery + injection of fresh AME® material by qualified HealthySoil staff at times that are convenient for you.

	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sept	Oct
